- **Started out giving the demo for week 8**
- **What did we do this week?**
  - Same as last week, general bug fixes and improvements
- **Feedback regarding our demo**
  - Improve our user design
  - Make it clear when something is selected
  - Make it clear when the user is sending an action
  - Add checkboxes
  - Try to add more color
  - Keep fixing bugs, like getting minus points and minus Co2
  - Give the errors labels
  - Give tips and feedback on what the user can do better
- **Goals next week**
  - Keep on testing
  - Change the user interface
  - Add small features
  - Make sure the code is clean
  - Finish the report, by Thursday
- **Advice for next week**
  - Regarding the presentation, Try to act like you are selling the product to a team that knows technology.
  - Make the presentation so that it can be checked next meeting
  - QA at the presentation is defending your code, so prepare for that
